## Photographic Greeting Cards

ROES.whcc  
LabPrints  
FTP

Traditional Photographic Greeting Cards are photographic prints with envelopes. Photographic Greeting Cards are available in eight print sizes complete with white envelopes at no additional charge. The minimum order is 25 cards per file, with increments of 5 after 25. Cards are printed on Kodak Professional Lustre, Glossy or Metallic paper and are priced to make your studio profit, both in low price and volume breaks.

Photographic Greeting Cards are not double sided or folded cards. If you are looking for double sided or folded cards, please look at our Press Printed Card line.

### Details

- Printers slightly overprint so avoid placing borders, text and other important elements within 1/4" of the edge.
- Photographic Greeting Cards are available in eight print sizes complete with white envelopes at no additional charge.
- Quantity pricing is based upon the total number of same sized cards in the entire order. (i.e. '40smith' + '200jones' + '500larsen' = 740 total 4x8 cards at .41 each.)
- Cards will have the filename and studio name on the back of the print.

Card Size	Lustre / Glossy			Metallic		
	25 - 500	501 - 1000	1001+	25 - 500	501 - 1000	1001+
4x5 / 4x6	\$.42	\$.38	\$.34	\$.50	\$.46	\$.42
