

Proofbooks

1-2 days service time

\$12 minimum order

ROES.whcc

WHCC Proofbooks are multiple image contact sheets bound together with a spiral coil, a clear or frosted acetate cover, and a black cardstock back. Proofbooks are available in vertical 8.5x11 or horizontal 11x14 sizes with options of 4, 6, 9, 12 or 20 images per page on a white, black, or gray background. With filenames listed below each image, WHCC Proofbooks make it easy for your clients to view their images and use this custom book as an ordering tool.

Images will be in the same orientation/aspect ratio as the files sent to us. If you want to show a 4x5 aspect ratio, please crop your files to 4x5 at 300 PPI before sending them. The same goes for orientation; rotate files to the correct orientation before sending them for a book.

There is no maximum number of sheets per order. If the number of sheets exceeds the amount we can bind in one book, we will split the book into 2 or more equally sized books.

Details

- Available with options of 4, 6, 9, 12 or 20 images per page on a white, black or gray background. Mix and match the number of images per page with optional full image pages.
- With filenames listed below each image, Proofbooks make it easy for your clients to view and order their images.
