➔ ROES.whcc

Present a DVD of images to your clients in a personalized CD or DVD Case! Cases are completely customizable and make a great presentation. Custom CD & DVD Cases are made with a photographic print wrapped around hardboard finished with a matte laminate, and include a magnetic closure to ensure your case stays closed. Other cover options include fabrics, leathers, and suedes. Both cases are available as a single or double disc case.

You can also order a Printed DVD with a CD or DVD case. You may order one DVD per single case and up to two DVDs per double case. Single DVD Cases can be ordered with an optional inside image panel with any custom photo cover. Inside image panels are printed on Lustre or Metallic photo paper with matte laminate. Both CD and DVD Cases can be ordered through ROES with no minimum quantity, even mix and match designs in one order!

Add to your product presentation with matching Printed DVDs! Printed DVDs are completely customizable and are printed on blank DVD-R discs. Your design is printed directly onto the disc for a high quality, finished look. Create a Printed DVD to match a Custom CD or DVD Case or present it in a matching Image Box with CD Insert. Printed DVDs add an extra touch when presenting your clients with their images or slideshow.

Printed DVDs can be ordered through ROES. Pricing is based on quantity ordered. Save money and order a printed DVD with a CD or DVD case. See the CD & DVD Case section for more information. DVDs do not need to be identical, mix and match designs in one order! The image quality on a printed DVD is great but we are unable to guarantee a color match between discs and our other printing processes.
