WHCC offers both Fine Art Canvas and Metallic and Lustre photographic paper Gallery Wraps with three laminate options, two depth options, and mix and match sizing. Gallery Wraps arrive complete and ready to hang on the wall the moment they are received.

### Papers

Gallery Wraps are available printed on a fine art canvas using an inkjet process or as a Metallic or Lustre Photographic Paper using a traditional canvas process. Metallic paper gallery wraps enhance the look and vibrancy of your image. With photographic print Gallery Wraps, an actual photographic print is created and its emulsion is stripped, bonded to canvas and wrapped around the wood frame.

### Construction

Your image is printed larger than the final print size so that it can be wrapped around the wooden frame. WHCC Gallery Wraps are made with real wood available in 1½" and 2½" depths. Mix and match gallery wrap lengths to create the perfect custom size.

## Details

- WHCC Gallery Wraps are made with real wood available in 1½" and 2½" depths.
- All Gallery Wraps include a high gloss, semi-gloss, or matte laminate to protect the gallery wrap from scuffs, scratches, and cracking. The laminate also provides UV light protection.
