

Premium Packaging

ROES.whcc

With WHCC's Premium Packaging you can simplify your workflow by having your client's order shipped directly to them rather than going back you. Your work is done the moment you send the order to us! Or if you're looking to eliminate your inventory of boxes and the labor of assembly you can still order WHCC's Premium Packaging! Instead of shipping the packaged order to your client we'll ship it complete to you so you can deliver the order in person.

WHCC's Premium Packaging will enhance the presentation of your photographic print and press orders. Photographic Prints are sealed in clear poly bags, Press Printed Cards are banded, and Press Printed Books and Albums have a cardboard insert or riser to ensure it fits snug inside the box. All products are wrapped in cream tissue paper, placed in our rich chocolate brown boxes and finished with an eco-friendly natural cloth ribbon. Currently, Premium Packaging is available for photographic print sizes from wallets and proofs up to 11x14. Prints larger than 11x14 will be packaged the same as a normal order, in our normal poly bags with cardboard. Premium Packaging is available for all our Press Printed Card sizes, Boutique Cards, Postcards, Business Cards, Rep Cards, Bookmarks, and Stickers. Premium Packaging for all Press Printed Books and Albums is available except for 11x14 Press Printed Books. Please note, that when ordering Premium Packaging, we do not combine multiple client's orders into one order. We will not separate client's prints and package them separately. Each WHCC order number will stand on its own for packaging and may only be drop shipped to one address.

Premium Packaging is a perfect solution when drop shipping directly to clients. All your clients will see is the beautiful display of prints packaged in a high quality presentation and will allow your clients to protect and store their books, albums, or cards when necessary. Orders do not include any pricing or paperwork identifying WHCC as the producer of the order or package. Premium Packaging is an additional \$4.50 per order when you order drop shipping, and \$7.25 per order if shipped back to your studio. Additional charges may apply if 5 or more boxes are required for packaging. Premium Packaging is currently only available through ROES. The Premium Packaging charge does not apply towards the \$12 minimum order. WHCC's Premium Packaging is the perfect impression you want to leave with your clients.
