Our Stickers and Magnets are single sided press printed products that are available in increments of 25 (with the exception of the 2x3.5 size which is available in sets of 50). Stickers and Magnets are available in all of our flat card and postcard sizes including 2x3.5, 3x3, 4x5.5, 4x8, 5x5, 5x7, 5x10, 5.5x11, and 8x10. Add UV coating to either product for extra protection and gloss. Stickers can be unique address labels and gift tags. They're also great to use for branding on packaging and promotional items. Magnets make great announcements, such as a save-the-date or a party invitation, because they can go right on the fridge as a constant reminder. Also use magnets for studio marketing and promotion.
